## Kelly Moylan

Hi! Kelly Moylan is the name... born in NZ and came to Australia in 1968.

I have lived in Sydney (Balmain - that's why my favourite footy team is the Tigers!) and Melbourne. I've been a Cessnock resident for the past 15 years and love it.

I joined the radio in 1994 when it was still CKR-FM and I presented my 1st programme the following year - that was a programme called Bush Folk.

I have also presented jazz and blues shows and previously produced and presented the Sports File for a number of years on Saturday mornings.

Unfortunately for me I was diagnosed with cancer in August 2006 and had to stop radio for a while as I concentrated on getting better. I have now been clear for 18 months and I am enjoying life to the full!

My favourite style of music is Folk which I present every Thursday night from 10pm until midnight in "Folk Voyage". It is, in fact, the only folk music programme on radio in the Hunter Valley.

I also love walking, animals (in particular I love dogs), football, cycling, darts, gardening and crossword puzzles.
